POLITICAL ANNOUNCEMENTS

The Interior Journal is authorized
to announce the following candidates
for office, subject to the Democratic
primary, August 7th, 1915.

For Circuit Judge
C. A. HARDIN, of Mercer county.
CHAS. C. FOX, of Boyle county.
For Commonwealth's Attorney
E. V. PURYEAR, of Boyle county.
R. W. KEENON, of Mercer county.
J. S. OWSLEY, Jr., of Lincoln county.
For Railroad Commissioner
WM. F. KLAIR, of Fayette county.
J. E. NEWMAN, of Nelson county.

For Circuit Clerk
JESSE D. WEAREN.

Allie W. Young, ex-jurist, member
of the State Racing Commission, and
all "round politician," after a confer-
ence with Stanley and Camden in
Washington, came back to Kentucky
to announce that Camden will not be
a candidate for anything, but will be
interested in seeing that a "business
administration" is elected to head
the state government at Frankfort.
Would the ubiquitous Young suggest
for a minute, that Gov. McCreary
who has appointed so many of
Young's friends to office and has so
signally honored him, is giving the
state anything else than a business
administration? Of course Camden
will not be a candidate. No use for
Young to tell the democrats of Ken-
tucky that. But meanwhile Young did
not deny that Camden, himself and
ex-Prison Commissioner, Eli Brown
are preparing to endeavor to elect
one Owsley Stanley as governor.
These three would prove powerful
champions of the ex-congressman
from Second district—that is, in
some quarters. Just how strong they
will prove with the democrats of
Kentucky in view of their records,
would remain to be proven.

The strangest political platform
ever issued in Kansas is probably that
of Jay E. House, candidate for may-
or of Topeka. "If I am elected," Mr.
House promises, "I shall do absolute-
ly as I please." His announcement
adds that he wants the job solely be-
cause it pays \$2,500 per year. House
will not be elected but he should be
rewarded for a frankness that is sel-
dom seen in the modern politician.

The Climax says that the beer
house in that city suffered a partial
loss by fire. But the question that
arises in our mind, is what is Rich-
mond, a prohibition town, doing with
a beer house?

Smock—Baugh

A beautiful wedding was solemniz-
ed here Saturday at the home of Rev.
Ed Hubbard, when Miss Julia Smock
and Craig Baugh were joined heart
and hand. The house was beautifully
decorated for the occasion. Only a
few were present. They left immedi-
ately after the wedding for the home
of the groom's parents, where a wed-
ding supper was served. The bride
never looked more lovely in her life.
She will make a fine help mate for
the man of her choice. Their many
friends wish them a long and happy
wedded life.

troubled with catarrh of the head for
many years before I paid much at-
tention to it, but a few months ago
I was so annoyed by headaches and
difficulty in breathing through my
nose, and my eyes smarted and looked
so inflamed that I felt I must do
something to relieve this state of af-

"I noticed one of your ads. in the
paper, and then and there decided to
try Peruna. I am pleased to say
that it came up to all my expecta-
tions, for in six weeks it had driven
the catarrh out of my system and
I have not been troubled since."

Mrs. A. J. Tiegan, 1122 Wyoming

What A Gallon of Gasoline Will Do

A single gallon of gasoline will do
wonders almost anywhere, but no-
where has it been applied to a bet-
ter purpose than on the farm. Here
are some of its stunts: It will milk
300 cows, bale four tons of hay, mix
35 yards of cement, move a ton
truck 14 miles, plow three-fifths of
an acre of land and make enough
electricity to keep eight lights going
in the farm house for 30 days. Good-
bye to boyhood memories of turning
the grindstone.—Wall Street Jour-

MIDDLEBURG

A trip to Mintonville, the little mountain village at Green River knob, in the southern part of this county last week, revealed to us many changes. Since last we were there, some 30 years ago. New residences and business houses have taken the places of the old ones that stood there. Some of the old citizens who lived there at the time we speak of, have moved away, others have passed over the river. Only two remain, Madison McClure and Tyler Jasper. And they are considerably bent with age. Mr. Jasper sold goods there 40 years ago and has been postmaster for 35 years. The office there does not pay much salary and Mr. Jasper is much liked by the people, hence he has gone along undisturbed. His son, Col. Jasper is one of the leading merchants there now and seemed to doing a prosperous business. We spent the night with Mr. J. T. Jasper, who is one of the substantial citizens of the town, and a mighty good man. He and Mrs. Jasper know exactly how to make one feel comfortable in their home. Bud Roy runs the village grist mill and is doing well. He was somewhat out of humor though, on account of the road. We tried to console him by telling him there was a good time coming and would probably arrive about June the first. On our return we stopped for a short while with Virgil Wesley at Joyce. Virgil is getting rich fast. He is farmer, merchant and postmaster, besides owning a half interest in the Joyce roller mill, which is doing a big business just now. The farming interest in that section is being better looked after than heretofore. A large acreage of wheat was sowed last year and most of it looks well, but the people are handicapped by the worst system of roads that it has ever been our lot to travel. Regardless of this fact however, they appear happy and contented, and we can account for it only on the ground that they have plenty to eat, live at home and broad at the same place.

SUGAR GROVE

There is a great deal of sickness in this community. Walter James has recently had the third operation performed for appendicitis. The physicians were Drs. Brown, Phillips and Jones. His host of friends are very anxious about him. Reuben Adams, who has been ill for quite a while continues about the same. Ephraim James has been on the sick list. W. L. Chandler, Jr., is in bed with the grip. Jim and Joe Chandler are going into the tobacco business pretty heavy this year on Mr. Cowan's farm. Mr. Robert Tucker will soon start for Illinois, where he will spend the summer. His friends regret very much to see him leave. Rev. John Lous filled his regular appointment at Pine Grove last Saturday night and Sunday. He was assisted by Rev. A. J. Manuel, Jr., of Garrard county. There was a large crowd present to hear the good sermon that was delivered by Rev. Long. Rev. Manuel also gave a nice talk. John Johnson found one of J. T. Hackley's fine fox hounds caught in two steel traps and Mr. Johnson now has the dog at his home and will take care of him until the owner comes. Joseph Middleton and family have moved back to Lincoln to live. It has been reported that is a wolf out in this part of the country and it is interfering with the boys going to see their girls.

World's Simplest Corn-Cure, Never Fails

Why corn-millions have gone wild over "GETS-IT"—nothing like it ever known.

Some folks, to this day, putter around with bandages, sticky tape, thick plasters,

make them bleed and then howl because they can't get rid of sore corns. Use

"GETS-IT." There's nothing to do but apply 2 drops. The work is done. "GETS-IT" does the rest. No pain, no fussing, no

YOU'RE BILIOUS AND COSTIVE—CASCARETS

Sick Headache, Bad Breath, Sour Stomach, Measly Liver and Bowels Clogged—Clean up Tonight

Get a 10-cent box now. Furred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable

Headaches come from a torpid liver and clogged bowels, which cruse your

stomach to become filled with undigested food, which sours and ferments

like garbage in a still barrel. That's the first cause of indigestion,

indigestion, foul gases, bad breath, yellow skin, mental fears, everything

that is horrible and nauseating. A Cascaret tonight will give your constipated

bowels a thorough cleansing and straighten you out by morning.

They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Millions of men and women take a Cascaret now and then to keep their

stomach, liver and bowels regulated, and never know a miserable moment.

Don't forget the children—their little insides need a good, gentle cleansing, too.

Heard About Town

Col. George P. Bright, who has been

gauging at a distillery, near Middlesboro, is home for several

days. He has been suffering from an attack of grip.

Clarence Fugazzi, the hustling and

popular drummer for the Strietmann

Biscuit Company, was here this week,

and he is expected to be receiving the "glad hand" from his many

friends.

C. H. Moser, telegraph operator at

Hemp, on the L. & N. railroad, was in

this place Sunday afternoon. It is

said there is a magnet of wonderful power down this way. —Parksville

Cor. Danville Messenger.

Supt. Garland Singleton and Prof.

W. C. Wilcox attended the Superintendents' Convocation at Richmond,

and spent three days both pleasantly and profitably in school work. The

attendance was very large and the Richmond people entertained the visitors

royally.

Assistant State Fire Marshals Tom

Helm and Mose Parks have been here

several days conducting an inquiry

into the origin of several fires which have been held in this section lately.

Their hearings were behind closed doors and they did not make their

findings public.

James D. Black, of Barbourville,

a candidate for the Democratic nomination for Lieutenant Governor,

spent several hours in Stanford Thursday shaking hands with demo-

cratic and soliciting their support. Mr. Black has always been very

popular in this section of the state, as he hails from a neighbor of Lincoln,

where it is almost worth a man's life to vote the democratic

ticket and stand up for its principles as he has done for so many years.

For a time he had the race for the lieutenant governorship to himself

but opposition in the persons of Newton W. Uley and Loving W.

Black has recently appeared against him. While here, Mr. Black was the guest of

Ex-Sheriff W. L. McCarty and was introduced about town by that gentleman.

One person now in Stanford will

not have a birthday this year, although her friends are congratulating

her upon passing her 71st milestone in good health and happiness. She

is Mrs. Nannie Wearden, mother of W. H. Wearden, of this city, and who is

now the guest of Mrs. Wearden and family at their home on East Main

street. Mrs. Wearden was born on the 29th day of February, and for this

reason only has a birthday celebration every Leap Year, and not always

then for in 1900, the turning point of the century, February did

not occur, so that she missed a birthday at that period for eight

years. At one time a number of years ago, in her household there were

three persons whose natal day came on the 29th of February. Mrs. Wearden

and her father, and a gentleman who was visiting there at the time, rather an

unusual coincidence.

When Judge James D. Black, candidate for Lieutenant Governor, was

here from Barbourville Wednesday he called on Mr. J. C. Paxton, J. C.

renewed an old acquaintance. Sam Guest was in the latter's office and

Mr. Paxton introduced him as one of the few colored democrats of the

county. "I'm glad to meet you," said Judge Black, and for you in fact I am going to work for you."

Sam going on to tell him of his "fluency," etc. Just as Judge Black told them good-bye, Sam called him to a

corner of the room and put the following impertinent, but to Guest a very important question: "Judge, did

you bring anything with you?" The visitor was nonplussed. "I don't understand you," said he. "What do

you mean?" "Oh," said Judge Black, "I meant did you bring any whisky

with you?" "I did not," answered Judge Black, and to this Sam said

further: "I'm still for you, Judge, but next time you come bring something, for a little of it makes me do better work for the candidate."

I am interested in." The Judge promised, and Sam was waiting rather impatiently to see whether the promise

will be fulfilled.

Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one

way to cure deafness, and that is by constitutional remedies. Deafness is caused by an

inflammation of the mucous membrane of the Eustachian Tube. When this tube is

inflamed you have a running sound or imperfect hearing, and it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an

inflamed condition of the mucous surfaces. We will give you Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars.

Mistaken Diagnosis—Doctors Guess Wrong Again

About five years ago, I wrote to you that I had been a terrible sufferer from kidney and bladder troubles, and that my physician informed me that my left kidney was in such condition that there was no hope for my recovery. I was advised to try your Swamp-Rott as a last resort, and after taking four fifty-cent size bottles, I passed a gravel stone which weighed ten grains. I afterwards forwarded you this stone. Have had no return of any trouble since that time and cannot say too much in favor of your wonderful preparation, Swamp-Rott, which cures, after physician fail.

Very truly yours,

F. H. Horne, Roseboro, N. C.

Route 3, Box 30.

Personally appeared before me, this 31st day of July 1909, F. H. Horne, who subscribed the above statement and made oath that the same is true in substance and in fact.

Owens, of Greenwood, has been called as pastor of the Pleasant Point Baptist church for the coming year. Garlie Burton died at his home late Thursday afternoon of consumption. He is survived by his wife and several children. Much sympathy is felt for the bereaved family and relatives. Messrs. McKee have sold their farm and will leave soon for Atlanta, Ga., where they will make their home. We regret very much to give them up but wish them success wherever they are.

Gets Right Twist On Rheumatism

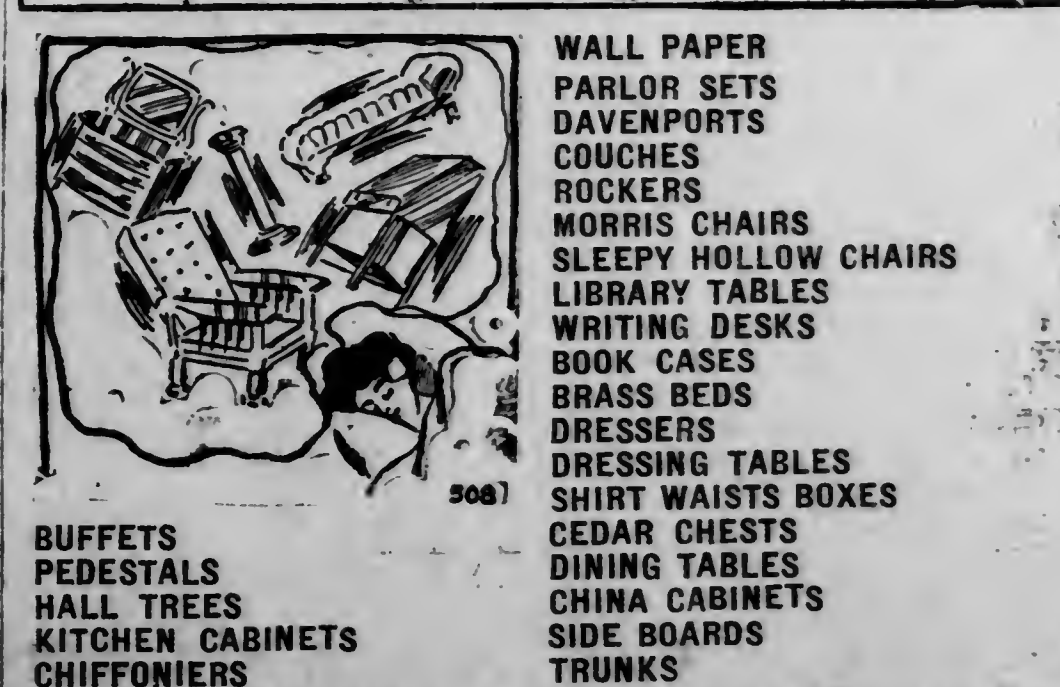

Makes Short Work of Cleaning Out Your Entire System—Aches and Pains Go Fast.

In S. S. S. You Get a Twist on Rheumatism that Settles It.

Many a rheumatic sufferer has been to the drug store for a bottle of S. S. S. and been handed something claimed to be "Just as good." Truly, to ask for bread and be given a stone is still in practice. If you are troubled with rheumatism in any form be sure to use S. S. S. and note its wonderful influence. S. S. S. has the peculiar action of seeking through the intestines directly into the blood. In five minutes its influence is at work in every artery, vein and lymphatic. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the end of casting out every irritating, every painful, inflaming atom of poison, discharges by irrigation all accumulations in the joints, causes acid secretions to dissolve, renders them neutral and scatters those peculiar formations in the nervous system that cause such mystifying and often baffling rheumatic pains. And best of all this remarkable remedy is welcome to the weakest patient. If you have dragged yourself until your stomach is nearly paralyzed, you will be astonished to find that S. S. S. gives no constipation but goes right to work. This is because it is a pure vegetable infusion, is taken naturally into your blood just as pure air is inhaled naturally into your lungs. Get a bottle of S. S. S. today, and ask for S. S. S. You may depend upon it that the store that sells you what you ask for is a good place to trade. Write to the Swift Specific Co., 204 Swift Bldg., Atlanta, Ga., for their Book on Rheumatism.

Farm and Stock News

PLEASE return my fence stretchers, E. T. Pence, Jr., Stanford, 18-2. Wallace Walter bought a nice seven-year-old mare from Morgan Benzley, this week, that cost him \$100. Charles Brown, of near King's Mountain, bought a mare of Clarence Hatfield of the same place, for \$100. James I. Hamilton, bought of J. Y. and J. F. Robinson the 350-acre farm on Kemper lane on the Lexington pike is located at \$85. It is known as the Wm. Clark place.

At the sale of the effects of Bruce Feekes in Bourbon, 27 head of milk cows sold at \$48 to \$81, horses at from \$100 to \$180, heifers \$33.50, brood cows \$19 to \$21, hogs averaging \$190 pounds, sent at six and a half cents a pound, corn sold at \$4, oats at \$19 and sheep at \$8.50.

Changes in the Louisville quarantine regulations permitting the slaughtering of cattle under certain conditions were made Thursday by the State and Federal officials in charge of the campaign against the foot and mouth disease. B. G. Fox and M. J. Farris, Jr., of Danville, Monday, sold a mixed load of stock, consisting of 25 head of horses and mules, to Col. W. M. Graham, Sumter, S. C. Stockmen returning from the southern states bring news that the entire South has been covered by buyers of war mules for the foreign governments, and there are today fewer horses and mules in the South than have been there for years. From the way they are being exported from this country it seems that a good horse will soon be bringing the price of an automobile, says the Danville Messenger.

George D. Boone, the hustling stock trader of the Ottenheim section, has been buying up a bunch of hogs in that community this week. He got them all at a uniform price of six cents a pound. From the Blue boys he bought 15 that weighed from 150 to 160 pounds; from James Meredith he took up 20 that averaged 100 pounds; from John Hildebrand he got four that averaged 150 pounds; from Jack Manuel he bought four that ran about 110 pounds each; from M. Pike he purchased eight that averaged 150 pounds. James Meredith delivered to the same buyer half a dozen head of mixed yearlings and calves at an average of about \$26 a head. A. Moes sold Mr. Boone a fat cow at a nickel a pound.

Rheumatism

Just put a few drops of Sloan's on the painful spot and the pain stops. It is really wonderful how quickly Sloan's acts. No need to rub it in—laid on lightly it penetrates to the bone and brings relief at once. Kills rheumatic pain instantly.

Mr. James E. Alexander, of North Harpeth, Mo., writes: "Many strains in my back and hips brought on rheumatism in the sciatic nerve. I had it so bad one night when sitting in my chair that I had to jump on my feet to get relief. I at once applied your Liniment to the affected part and in less than ten minutes it was perfectly easy. I think it is the best of all Liniments I have ever used."
